

Power Management

Cooper-Standard Automotive designs and manufactures plastic lines, metal tubing, and rubber hose for automotive high pressure applications. Cooper-Standard specializes in integrated solutions to meet each customer application for routing of hydraulic fluids, air management, and cooling needs.

Features & Benefits

- ✓ High temperature materials
- ✓ High pressure coupling capabilities
- ✓ Innovative bracket and clip designs
- ✓ Thermoplastic material options
- ✓ State of the art tuning technologies
- ✓ Heat-stabilized, high-impact thermoplastics
- ✓ High pressure hose manufacturing
- ✓ Vertical Integration of all components
- ✓ Tubular and Fin performance coolers
- ✓ Overmolded clip integration
- ✓ In-house prototype and tooling capabilities

Product Portfolio

- ✓ PAS Assemblies
- ✓ Rack Cylinder Tubes
- ✓ PAS Cooler Loops
- ✓ Clutch Lines
- ✓ Hydraulic Roof
- ✓ Actuation Lines
- ✓ Air Suspension Lines
- ✓ Side Air Bag Tubes
