TAPE-ON SEALS

HIGH QUALITY AND EASY TO INSTALL

Cooper Standard Industrial and Specialty Group (ISG)'s tape-on seals combine our proven high-quality seal designs with high performance adhesive tape and can be used in a wide variety of applications. With this new bonding capability, the user can easily remove the protective tab and position the seal in place without the use of tools.

APPLICATIONS

- Door Edges
- Boat Hatch
- Office Furniture
- Coolers
- Window Jambs

MARKETS SERVED

- Automotive
- Marine
- Agriculture
- Construction
- Transportation
- Recreational Vehicles
- Manufacturing

MATERIALS & STYLES

- Thermoplastic Elastomer with Automotive Grade Tape for Adhesion
- Sponge Rubber with Automotive Grade Tape for Adhesion

ADDITIONAL BENEFITS

- Easy to Install
- Excellent Sealing Properties
- Ease of Assembly Allows for More Efficient Processes
- Proven Assembly Process Utilized in High-Volume Automotive Applications
- Consistent, High-quality Materials
